

*A quality residential home
for the elderly*

It is our intention to create a 'home' in every sense of the word with care provided by an experienced team of loving people.

The Limes

REST HOME

Experienced in the care of the elderly

Introduction

The Limes is situated in a pleasant part of Fenton, Stoke-on-Trent. Many amenities can be found within walking distance including a variety of shops, a library, a church, a chemist and a modern doctor's surgery. There is good access to the A34, A500, the M6 and A50 and the home is well served by public transport.

A large part of the home has been thoughtfully purpose built over the past few years. The home provides three lounges, two quiet sitting areas, one conservatory and three dining areas. All bedrooms are decorated to the highest standards and have en-suite facilities.

All our bedrooms, lounges, dining rooms, bathrooms and toilets have a nurse call point fitted and TV points are found in every bedroom. Private telephone lines may be fitted by arrangement.

The Limes is a real home to call home.

Specialist Dementia Facilities

Dementia and dementia related conditions such as Alzheimer's disease and other conditions with confusion is an increasing problem for older people and causes additional pressure for families and carers.

At The Limes, through our many years of experience in caring for people with dementia, we understand the complex issues that families face. It is our aim to improve the quality of life for everyone affected by dementia by offering unique healthcare services. The care we provide involves trained specialists in dementia care with encouragement for family and friends to be a part of the ongoing care plan.

Our home is a bright and positive environment and there are no set visiting times. We encourage families to actively participate in care provision, for example, at meal times or by participating in social events and activities.

Care at The Limes

The care that we offer is entirely focused on the careful evaluation of the residents changing needs through a comprehensive set of assessments carried out prior to admission which allow us to ensure that The Limes can meet both our residents needs and improve their quality of life. An individually tailored, detailed plan of how care will be delivered is agreed at the outset and reviewed regularly with the resident, ensuring understanding and inspiring confidence.

The key worker scheme is highly effective, our experience proving that carers gain a greater understanding of a specific individual and are thus able to notice deteriorations or improvements in the residents' well being. Better understanding means that care can remain discreet and the level of support adjusted according to need.

Food is of course a very important part of daily life at The Limes. Meals can be taken in a choice of three dining rooms. We take pride in the variety and quality of our cuisine, which is freshly prepared in our kitchen. Special dietary needs and cultural preferences are also catered for.

Please call our manager on 01782 844855 to arrange a visit. We look forward to welcoming you.

If you wish to view our home, we would only be too pleased to show you around, where you can chat with the residents, the staff and the manager. We are sure that you will appreciate The Limes is one of the finest retirement homes in the area.
